

Happy Saturday!

There is a lot happening this week that has me excited. The weather is expected to be warm this week and that always makes the kiddos excited. Unfortunately, it is supposed to rain on Wednesday. Also on Wednesday, we will begin to learn our phone numbers. Please check the attached list to see if your phone number is the correct one to learn. If there is more than one number listed then please tell me on which one we should focus.

This week we are going to be covering:

Letter Cc

Number 15

Our helpers this week are

Monday - Devin

Wednesday - Elaina

Friday -Reed

Monday we will make the cute and cuddly CAT. To continue with the cute and cuddly theme please have them bring with them their favorite stuffed animal on Monday. We will attempt to do a large group show and tell about our stuffed animals.

On Wednesday, we will make a cell phone that will have your child's phone number stamped inside. It is a great tool to help learn their phone number. They can practice calling the number stamped on their flip phone. Again, please email and let me know which number you would like your child to learn. Thank you!

I hope your weekend is full of fun!

Karen Hart
