

Hello,

This week we will discuss:

MOM

Letters: Mm
Number 16

We are starting our last round of helpers (Mondays and Wednesdays) for the school year. I hope the children enjoy their last turn sharing the helper box!

Helpers this week are:

Monday - Finley

Wednesday - Brayden

Friday - Ace

Monday we will be discussing a great woman that starts with M and that is MOM. Wednesday one of the projects we will complete this week is Magalena Hagalena. It is a silly poem about a woman named Magalena. The children will use their imagination to draw the woman in the poem. We will be displaying this artwork on the Class DoJo. Last, on Friday we will make a silly monster.

Wednesday we will have library, gym and will swap out Activity Packs.

Well, I have to admit that we have had very little time to practice our phone numbers. Please continue to work on them at home. We will try to practice this week in class also.

Calendar

May 1 – Graduation pictures to be taken (nothing needs to be done prior to pictures)

May 6 – Fire Fighter visit

May 13 – School Bus safety

May 22 - Field trip to the Planetarium

May 27 - Memorial Day -No School

June 3 – End of year Event - The last day of school will be our End of Year Celebration. This will take place on Monday June 3rd 12:30-1:30PM. Everyone is invited to attend. We do a quick ceremony in the room and then gather for a picnic lunch outside (if the weather cooperates) or in the gym if rains.

We are thrilled to say that we are seeing many of the children taking great strides in both their academic and social skills. They have learned to communicate with one another. Most of the time they share and take turns during play time. They are showing their knowledge of ABC's, numbers, patterns, rhyming, etc. They are a true pleasure to be around. Mrs. Favro and I are noticing that there are also times where they forget these manners and they are not behaving like the good friends that they are. We are seeing pushing to be first, stealing toys from one another, etc. Please emphasize to your children the importance of being a good friend, sharing and taking turns. We will also be emphasizing these practices as a group.

Mrs. Favro and I thank you for choosing RNS!

Karen Hart
