

Happy Sunday!

I hope that all of you are having a wonderful wet weekend! My daughter and I had a great time in Nashville. She loves Vanderbilt and is excited for her next adventure:)

Please don't forget that we also have our Field Trip on Wednesday:) Please have the children at the Museum at 9:45a.m. We will meet by the front entrance. We encourage Parents and caregivers to stay. After our Field Trip is over, you are more than welcome to stay in the Museum. **If you will not be staying with your child, please let me know before Wednesday. Thank you in advance.**

This week we will meet Alphabuddies Izzy I and Jenny J. The children will be Ice Cube painting , making an inchworm, painting with Jellybeans along with other fun activities to go along with I and J.

I am planning ahead for when we get to the letter N. The children will be making a project to get to know the phone **Number**. Please send me the phone number you would like your child to learn. Thank you in advance.

Finally, I am asking for some parent volunteers to help make 2 snacks that will go along with our letters.

Next Friday, April 26th, we will be making Ladybugs out of apples and **Friday May 3rd** we will be making Pizzas. If I could

have 3 Volunteers from 9-11:30, that would be wonderful. If you are interested, please let me know. Thank you in advance:)

Mrs. Pryslak, Mrs. Dunton and myself are amazed at how much the children have grown this year. We are truly enjoying each day. Thank you so much for sharing them with us:)

Take care,

Kirstin
